Notice 0159**Issuing Authority: Albert G. Jiron****Issue Date: July 29, 2005****Toxic Gas Receipt and Distribution****Endorsed by: Richard A. Marquez****Issued by: SUP-DO****Summary:**

This Notice directs that when LANL personnel order toxic gases, SUP-5 will receive and distribute these materials as described in this Notice.

Application:

This Notice applies to all workers at LANL who may order, receive, distribute, or use toxic gases.

Justification:

This is a new topic. Following the procedure in this Notice will allow distribution of toxic gases until the Compressed Gas Processing Facility (CGPF) is allowed to store and distribute these gases.

Instructions:

Until further notice, toxic gases may be received and distributed by the SUP-5 Compressed Gas Processing Facility (CGPF) in accordance with the following set of requirements (Note: These requirements are supplemental, and do not relieve CGPF personnel from implementing any other requirements contained within CGPF/LANL approved policies and procedures.):

1. All toxic gas orders must be placed with SUP-6. SUP-6 will contact the CGPF with all toxic gas orders
2. Toxic gases may be received on Mondays, Tuesdays, and Wednesdays (excluding recognized LANL holidays) from 8:00 AM to 2:00 PM.
3. No more than two toxic gas cylinders will be allowed to be physically present at CGPF at any time, in accordance with the existing FSA.
4. CGPF will inspect and unload the toxic gas cylinder(s) in accordance with the approved procedures that implement the required controls of the FSA.
5. The CGPF will be required to immediately reload the toxic gas cylinder onto a CGPF vehicle, and deliver it to the appropriate LANL facility, in accordance with 49 CFR 171-180.
6. The delivery of the toxic gas by the CGPF will be performed within 2 hours of receipt.

Contact: For assistance please contact the SUP-5 Packaging and Transportation Service Center at 7-4493 or via email at pnt@lanl.gov

This Notice will remain in effect until the expiration stated, or until one year from date of issuance, whichever occurs first.
